March 30, 2020

Re: Extension of closure of services

To All Families and Members of Mens Sana,

The safety, health and well-being of our members and staff is our top priority. With the rapidly evolving situation around us, Mens Sana Families for Mental Health has decided to extend the closure of all its non-essential services to Monday, April 20, 2020, as a response to combat the spread of COVID-19 (Coronavirus) in our communities.

Please see the following to understand how it will impact our services:

SERVICES:

- The closure of Mens Sana Drop-In program has been extended to Monday April 20, 2020.
- Family visits are continuing to be on hold until Monday April 20, 2020.
- All large gatherings, such as trainings and workshops have been postponed for the same period.
- All non-essential visits to residences have been cancelled.

MEMBER SUPPORT:

- To minimize the impact of social distancing, Mens Sana staff will continue to provide activities based on the interest of our members.
- Meeting member needs safely remain our singular most important objective.

We will continue to work together and follow recommendations and guidelines set by the Government of Canada and Ontario. This is to ensure that everything we do protects the VITA family. We will continue to share regular updates with you.

Sincerely,

Adam Smith
Executive Director
Vita CLS and Mens Sana Families For Mental Health
